HOW TO MODEL USING A COMMUNICATION / CORE WORDS BOARD

1

Point to the symbols on the board while you talk.

2

Stick to the key words on the board. For example if you say 'Biscuits are yummy' you would point to 'biscuit' + 'yummy' while you talk.

3

Make it fun and low-pressure!

The aim is to model short key words. Remember: repeat, repeat, repeat!

There is no expectation to talk, but if they do reinforce and praise this.
